

Learning Objectives

- Explain milk production, milk ejection, and milk transfer as they impact the success of milk getting from breast to baby.
- Recognize infant cues as related to sleep/wake and associated neurobehavior
- Offer appropriate teaching for so-called "second-night syndrome" and nighttime parenting as related to breastfeeding.
- Differentiate between optimal and suboptimal latch in real clinical situations.
- Recognize and respond to "reluctant nurser" situations in the first few days that impede optimal milk transfer.
- Recognize the nurse's role in minimizing non-evidence-based separation events during the first hour of life.
- Choose strategies that will improve milk production and weight gain in a variety of circumstances.

Planning Committee

Kathy Mahoney, PhD, RNC-OB
 Elizabeth Pro, MSN, RN, IBCLC
 Olga Emerson, MSN, RN, IBCLC
 Rachel Cruz, BSN, RN, IBCLC
 Nicolette Gonzalez, RNC-OB
 Rubilyn Deocampo, RN

About Our Speaker:

Marie Biancuzzo, RN MS IBCLC is a founding member of the United States Breastfeeding Committee and the past president of Baby-Friendly USA Board of Directors. She is a clinical nurse specialist and expert in issues related to childbearing. In more than three decades of practice, she has held positions as staff nurse, clinical nurse specialist, and nurse administrator at community and university-based hospitals. She has also held faculty positions at three prestigious universities, Georgetown University, University of Rochester and Alfred University. Throughout most of her career, Marie has practiced per diem as a staff nurse in nearly all sub-specialties of maternal-child health. In her current roles as a speaker, author and educator, Marie is committed to helping mothers and their newborns by training health professionals in evidence-based practices. Marie is the author of *Breastfeeding the Newborn: Clinical Strategies for Nurses*, now in its second edition, as well as several independent study modules, and patient education materials.

Who Should Attend?

Any health professional with responsibility for caring for breastfeeding dyads

Robert Wood Johnson University Hospital is an approved provider of continuing nursing education by the New Jersey State Nurses Association, an accredited approver, by the American Nurses Credentialing Center's Commission On Accreditation. Provider Number P133-4/13-16.
