## Learning Outcomes:

After attending this program, you should be able to:

- Describe research regarding the importance of exclusive human milk diet for vulnerable infants
- Discuss the use of technology to support the provision of human milk and breastfeeding in the NICU setting
- Articulate indications for donor milk usage

**ACCREDITATION:** Nurses completing this education program will receive 2 continuing nurse education contact hours from Garden Area Health Education Center (AHEC), an approved provider of continuing nursing education by the New Jersey State Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation. P#88-8/14-17 Approved status does not imply endorsement by Garden AHEC, Inspira Health Network, New Jersey State Nurses Association, or the American Nurses Credentialing Center's Commission on Accreditation of any commercial products or services. For ADA accommodation or to address a grievance, please contact Garden AHEC at 856-507-8565. Garden AHEC is an affiliated program of Rowan University School of Osteopathic Medicine.
