Topic	Discussion	Action for Trustee
Strategic Plan	<p>Update provided by Ellen Maughan</p> <p>Strategic plan and extensive report and findings of research and focus groups will be submitted this week. Need an infrastructure in the State for policymaking; need statewide coordinator; all of maternal child activities in State runs on Federal grants but need it to be Statewide continuity of policy. Despite laws to protect breastfeeding there is a large lack of awareness of the laws. Maybe helpful if breastfeeding regulations/laws be placed under Civil Rights where there would be fines. Day care will follow regs so put recommendations on breastfeeding in the regs. Current focus on Dept of Health on coronavirus so it may delay release of report by the Dept of Health NJBC needs to work on raising awareness</p>	informational
Paid Family Leave Training:	<p>Yarrow doing trainings on Paid Family Leave and would like to do a train the trainer. Can we do a webinar? If Yarrow cannot do webinar for Train the trainer NJBC can invite her to speak. We can ask Consortia to all sponsor. Nashedda having speakers for community to learn about family leave</p>	Mary will ask Yarrow for Train the Trainer.
How to connect/arrange for Consultants e.g. Childcare Centers	<p>Jill Wodnick attends meetings on Advocates for Children: she was contacted through them by the Reinvest which financially supports projects for non-profits. (Index of breastfeeding- not sure what this is in reference to.) They are looking for a lactation consultant who can help them create ideal breastfeeding spaces and train staff in childcare centers.</p> <p>We are 501 3C and need to ask other agencies and the pro bono group how to arrange to hire consultants. How does NJBC set up infrastructure to accept the grant?</p>	Kay, Mary, Ellen M. agreed to be on a pro bono call. Mary and Kay will write a verbiage to ask USBC listserve

	<p>We need to know the amount of dollars. The consultant would be independent not an employee.</p> <p>NCNJ- reinvestment fund want to be more breastfeeding friendly; they looking to pay someone to do this; How does NJBC set up infrastructure to accept the grant.</p>
